Housing Enhancement Funds

- ✓ Up to \$1,000,000 is available from the Community Development Block Grant (CDBG) Program for Federal Fiscal Year (FFY) 2005 to provide companion funding for projects that have been selected to receive grants or loans from the Housing Trust Fund (HTF). The purpose of the Housing Enhancement Program is to streamline the financing of eligible housing projects that may need additional funding in order to be successful. Requests for CDBG funds are considered at the same time as applications to the HTF.
- ✓ Housing Enhancement funds can be used for eligible costs associated with farmworker housing projects.
- ✓ CDBG Housing Enhancement funds are available to cover project costs that cannot be paid for using HTF dollars. An example of an eligible cost is off-site infrastructure that is essential to a housing project and is considered an ineligible cost to the HTF.
- ✓ Housing Enhancement funds can also be used to pay for the non-housing costs of projects that are an integral part of a comprehensive project. An example would include the costs of a day care facility that has been incorporated into the design of a project that is requesting HTF support.
- ✓ Eligible recipients of CDBG Housing Enhancement grants are cities and towns with less than 50,000 population or counties with less than 200,000 population provided that the cities, towns and counties do not participate in a U. S. Department of Housing and Urban Development (HUD) Consortium. Applicants to the HTF that are not eligible to receive CDBG Enhancement funds directly, such as local housing authorities, tribal housing organizations or local nonprofit developers, must apply through the eligible jurisdiction where the project is or will be located. Eligible applicants must meet all federal requirements of the CDBG program including the completion of project related citizen participation activities and a CDBG Disclosure Report.
- The review of CDBG Housing Enhancement applications includes the determination by CDBG and Housing Finance Unit staff that the amount of assistance being requested is funding a clearly defined gap between the amount of funds necessary to complete a project and all other potential funding sources. Use of CDBG Housing Enhancement funds must be determined to be both necessary and appropriate within the scope and proposed use of a HTF Project.
- ✓ HTF applicants that wish to be considered for CDBG Housing Enhancement funds must have the certified support of an eligible local government in advance of the HTF application due date. (See Project Summary Form on page 6, item #13.) Potential applicants for CDBG funds are encouraged to contact CDBG staff prior to submitting a HTF application to discuss CDBG requirements and funding availability. CDBG staff are available to assist in providing information regarding local certification and citizen participation requirements. Contact Sharon Robinson at (360) 725-3010 or by email at sharonr@cted.wa.gov or Dwight Edwards at (360) 725-3011 or by email at dwighte@cted.wa.gov.

The Housing Enhancement Grant is a two-phase process, requiring applicants to submit initial program information along with the Housing Trust Fund application. Only upon receiving written approval of the initial program information will applicants be invited to complete the general federal requirements.

Phase One

- 1. Applicants interested in applying for CDBG Housing Enhancement funds must submit the following program information with the Housing Trust Fund (HTF) Application:
 - FORM 16A CDBG Housing Enhancement Project Summary
 - FORM 16B CDBG Housing Enhancement Project Description
 - FORM 16C CDBG Housing Enhancement Project Budget
- 2. Concurrent threshold review of application:
 - HTF staff will review application for HTF threshold requirements.
 - CDBG staff will review the HTF application and CDBG Housing Enhancement Project Summary Form to <u>determine project eligibility</u> based on the following criteria:
 - The project activity is not eligible for funding from HTF.
 - That CDBG dollars appear to fill a funding and/or affordability gap.
 - The activity makes sense, is financially feasible and is ready to proceed.
 - The project is sponsored by an eligible non-entitlement jurisdiction.
 - The project meets a HUD National Objective.
 - CDBG staff may request additional information from applicant to determine project eligibility. Applicants will have up to two weeks to provide staff with requested information.
- 3. HTF and CDBG staff will meet to finalize the eligibility determination and funding recommendation.
- 4. CDBG staff will notify local jurisdiction of Housing Enhancement funding eligibility/ineligibility. If project meets the above requirements, the local jurisdiction will be sent a notice of invitation to complete the general federal requirements.

Phase Two

- 1. A notice of invitation letter will be mailed to the jurisdiction along with the required federal forms and information. The forms must be completed before a HTF award is made. The applicant must complete the following federal requirements within 45 days from the date of the notice of invitation letter:
 - CDBG Disclosure Report
 - Resolution with Certification of Compliance
 - Citizen Grievance Procedure
 - Citizen Participation Process

CDBG PROJECT BUDGET FORM (16C) INSTRUCTIONS

The CDBG Project Budget Form is used to provide the <u>total</u> budget of the proposed CDBG project, and is divided between activity costs (such as general administration, project administration, public facilities construction or housing rehabilitation).

When determining costs for the Project Budget Form, applicants should indicate only the level of funding necessary to carry out the project. The grant request must be sufficient either by itself or in combination with other proposed funding sources to assure effective administration and completion of the proposed project within the contract period.

Complete the Project Budget Form as follows; list CDBG costs in the Source 1 column and estimated costs associated with other sources (as well as the name of the other source) in the Source 2 and Source 3 columns, as needed.

Project Duration - Enter the total number of months the project will take to complete.

<u>General Administration</u> - Grantees should carefully complete this line item. In addition to identifying administrative expenditures, it will serve as a guide for preparing the contract and for project monitoring in the event the proposal is funded. General Administration is distinct from <u>project</u> administration, which is defined on the next page.

If applying for CDBG administrative funds, applicants should keep in mind that grant recipients are expected to stay within this budget; administrative costs are not normally changed during the life of the project.

The following is a list of eligible general administration activities:

- Review and execution of the CDBG contract;
- Establishment of CDBG files and record keeping;
- Compliance with civil rights activities including fair housing activities, Section 504, ADA, and Title VI; and
- Contract close-out activities.

The general administration line item does not include the administrative costs for project activities such as housing, economic development, community facilities, or public facilities. General administration does not include any costs associated with the preparation of a CDBG application. *The application preparation costs are ineligible under CDBG guidelines.* Please contact CDBG Program staff if you have questions concerning administration costs.

All applicants must complete the administrative line item whether they are requesting CDBG funds for administration or not. General Administration costs can be covered through local or in-kind contributions.

Items to include when computing the general administration line item include:

<u>Personal Services</u> -Compute all salaries, wages, and fringe benefits to be paid for general administration of the grant.

<u>Office Costs</u> - Compute the costs of supplies. Include postage costs, telephones, equipment leasing costs, printing and publication costs, and office costs. Publishing Fair Housing resolutions can also be costly and should be considered when preparing the budget.

<u>Professional Services</u> -Compute consultant costs, legal costs, and audits costs. Generally, engineering and other technical services should be entered under engineering and other technical service line items.

<u>Other</u> - Applicants should take into consideration any other administrative costs or expenses which may be incurred prior to administrative close-out.

Enter total costs calculated for general administration and enter under the general administration line item.

<u>Project Administration</u> - Enter all costs which are directly related to project implementation and carrying out the CDBG project.

The following is a list of eligible project administration activities:

- Conducting environmental reviews and preparing environmental review documents;
- Attending grant management training workshops;
- Processing payment vouchers;
- Ensuring labor standards compliance; and
- The costs of processing applications for direct benefit projects and conducting inspections.

Architectural Fees - Enter all costs associated with the use of an architectural firm.

Engineering Fees - Enter the total engineering costs associated with the project.

<u>Acquisition</u> - Enter total purchase price, include the appraisal costs in addition to any closing costs associated with the acquisition of property. Explain all costs listed in the Budget Assumptions.

<u>Relocation</u> - List all costs associated with relocation. If you are unsure if relocation is applicable, contact the CDBG Program staff.

<u>Architectural Barrier Removal</u> - Enter costs associated with removing architectural barriers to bring facilities into compliance with the Americans with Disabilities Act.

<u>Housing Rehabilitation</u> - Enter all costs associated with housing activities if the project category of the application is housing rehabilitation or contains housing rehabilitation as part of a comprehensive application. If there are administrative, planning, architectural, or engineering costs directly associated with a specific listed housing activity, include those costs on the appropriate line item. Explain all housing activity costs in the Budget Assumptions.

NOTE - If a sub-recipient will be used to administer housing rehabilitation activities, submit a separate project administration line item for the sub-recipient's administration

<u>Water/Sewer Side Connections</u> - Enter costs associated with the replacement or construction of water or side service connections. This includes all work done on private property. If there are administrative, planning, architectural, or engineering costs directly associated with a specific activity, include those costs on the appropriate line item.

<u>Sewer Improvements</u> - Include all costs associated with construction or rehabilitation of the sewer system. If there are administrative, planning, architectural, or engineering costs directly associated with a specific activity, include those costs on the appropriate line item.

<u>Water Improvements</u> - Enter costs associated with construction or rehabilitation of the water system. If there are administrative, planning, architectural, or engineering costs directly associated with a specific activity, include those costs on the appropriate line item.

<u>Street Improvements</u> - Enter costs associated with construction or rehabilitation of streets. If there are administrative, planning, architectural, or engineering costs directly associated with a specific activity, include those costs on the appropriate line item.

<u>Fire Protection</u> - List all costs associated with fire protection such as fire protection equipment or fire protection vehicles. Explain all fire protection activity costs in the Budget Assumptions.

Explain all economic development activity costs in the Budget Assumptions.

<u>Revolving Loan Fund Programs</u> - List costs associated with setting up or retaining a revolving loan fund program. Explain all costs in the Budget Assumptions.

<u>Public Services</u> - Enter total public services costs. This refers to direct costs (including personnel, supplies, and travel) associated with the provisions of public services eligible under the CDBG Program. <u>Please note:</u> Not more than 15 percent of the total request may be used for public services, except under certain conditions specified in the law.

Planning - Enter total planning costs. This refers to proposed planning costs directly related to the overall project proposal, and is not related to the CDBG Planning-Only Grant which has its own application cycle. This could include activities such as clearance, flood control or drainage. The combined general administration costs and planning costs may not exceed 15 percent of the total funding request.

<u>Other</u> - List costs associated with any other activity not listed above, such as clearance, flood control or drainage activities, or parking. Explain all activities in the Budget Assumptions.

NOTE: For <u>Comprehensive Projects</u> - Use line items which reflect activities included in the proposal.

<u>Total Project Budget</u> - Enter total for each source and a grant total on the line provided.
